INTRODUCTION

“Ramrajya Ahwahan Mission” is a Company registered under section 25 of The Companies Act, 1956 in India in the year 2009. Further it is a Charitable Institution registered also under section 12A and 80G of The Income Tax Act, 1961 in India.

It is the result of the thought generated in 1999 by God through a dream to its' Chairman, a Fellow Practising Chartered Accountant in New Delhi.

We are quite thankful to God that he planned such a beautiful object for the Human Society of the world at large in this 'Kalyug' era by making Ramrajya everywhere. We are thankful that the God promoted completely a new way to worship the God in a more practical manner in such a highly busy life of the man. The God has invented a completely new path of Bhakti (Devotion).

The Mission's concept is

“Everyone on the earth is a king by default. Every one has an empire e.g. head of the family is king of his family, a businessman is the king of his business and departmental head is the king of his department etc. If you see every empire depends on its' king. If the king will rule his empire like ruling by Ram there definitely will become Ramrajya. Every family, every business, every organization, every office is quite an empire. If all these empires starts to be converted into Ramrajya, then definitely slowly-slowly Ramrajya will come on this earth. All this depends on the king if somehow the king becomes Ram, Ramrajya shall be started. Further to become Ram is very easy because a man becomes as he thinks, as he studies, as he practices e.g. if a man studies accounts he becomes an Accountant, if he studies Science

he becomes Scientist and so on. In the same way it may be said very clearly that if a man will read, study, practice Ram and Ramness, he will become Ram. A man when he will become Ram he will do only Ramrajya and nothing else.”

Now this Mission has come forward to teach Ramness and Ram to everyone and everywhere in the world. The Mission will help the public in developing their logics and reasonings with Ramness i.e. true Godliness. It will be done by the Mission at large and untiring work forever without worrying of the result. The Mission is sure in its' move that it is very sure in very short span on the earth there will be atmosphere like Ramrajya because it is a truth that if the work is done and God cares you the result definitely comes. The man of this age is an intelligent person, when he will know the way which is good for all i.e. for he himself as well as for his family members, as well as to the public, society, world, God etc. and there is no loss to him or any one else besides only the gains are there and those are also of permanent in nature then definitely he will choose such path only of being Ram and making Ramrajya in his empire. If he will know that he can strike so many targets by just one arrow i.e. just by being Ram , he will choose only that path of being Ram to strike out all the targets of the life.

Now the time is to align with the Mission and to support the Mission in its' objects by supporting your services , your promotions, your references, your influences, your power, your contributions, and your infrastructure so that the Mission could be so effective that it could succeed in establishing and educating 'Ram' and 'Ramness' to each and every king and empire of the world.

Ram Tree

As you plant a tree as fruit you get. Therefore when I thought that if I am to plant why I shouldn't plant the best tree , when I planned, I have planted the tree of Ram which is the best. I am nourishing it. When this tree will grown up there will be so many Ram as a fruit of it. Now by God grace it has become so big that it can not be destroyed and fruits are Just to come . If there is grace of Ram, It will definitely be fruitful and God is also helping us in it. How much it will be beautiful when there will be a Giant Tree of Ram like a vat tree and it will be full of its fruits "Ram". The public will carry its' branch to their homes and plant the same and then in the world there will be so many trees of Ram.

Hey Ram! I request you to make everyone as good as you were. You are a God who is merciful and today most of the population is sad in their hearts. Give them your true love , teach them true happiness and true pleasures and true friendship with every one in their life. When a man can live beautifully with trueness, why he is living otherwise. Please help them, you do your duty to teach us as you are the king of this earth and this earth is your empire. Our life is being waste kindly make it meaningful. Hey Ram! Hey Ram!

Ramrajya Ahwahan Mission

Hey Shiva, I hereby request you to get away the sadness of the hearts of the persons of this world, who are suffering from ill minds, please make them clean and fill these with Ramness, as you could be proud of us. When you can make Ramrajya on your Kailash which is full of devils, snakes etc. Then definitely you can get Ramrajya made in this world also as the nature supports you. We need your supports by your heart. Please come and ease the life of this world. Hey Mahadev! Hey World Guru! Hey Nirankar!

Hey Krishna, we can not move on the path of happiness and enjoyments unless you make us capable of learning your true friendship attitude, which filled your every relation with full of happiness, with full of enjoyments, full of naughty activities and with full of laughter. A true friend! Only this is the enjoyment of life. Come on my friend, my Krishna, I need you, play your flute, spread your true love with your true friendship in this world.

Ramrajya Ahwahan Mission

Hey Sairam, you are the symbol of Ram ,who loved the public as well as Ram did . You helped the people at door to door level. Hey Sairam, bless us if we could also be as lovely as you were and we could be helpful for the poor in the path of making Ramrajya. Hey Sairam, please bless us so that we could also help the poor the sad people in the same manner as you were doing. Hey Sai, if we could bring Ramrajya on the earth only then we, you and your devotees will be able to make their life successful in true manner.

Hey Hanuman ji, Ramrajya Ahwahan Mission is just your effort by your thought only. Who other one is on the earth who can think like this. Your efforts are coming to the track , Now come and say " No rest till the Ram's work is done completely i.e. making Ramrajya". Ram's work means Ramrajya , the ruling by Ram i.e. rule of Ram in this world. Because gain of each one, of god, of devotees and of this earth is only in Ramrajya. Yes, this is only the way to have the true welfare of each and everyone without doubt.

Ramrajya Ahwahan Mission

Hey sacred soul of this Nation, you were dreaming of Ramrajya in your Nation and devoted your life towards it, you taught the path of truth to the public. Please bless us with your power and experience, so that we could make your dream true. If we could fulfil your dream of making Ramrajya in your Nation only then life of us as well as of you will come to success.

Hey Paramhans Ramkrishna ji, Guru of learned Sh. Vivekanandji , you were the man who taught the bhakti path to the bachelors as well as married (Grihstha) with a very simple and social methodology and made so many devotees. Please come forward and be the pillar in the path of making Ramrajya on this beautiful earth, So that even the God could prefer to live on earth in place of the heaven. If we could bring Ramrajya again on the earth it will make the life successful of all of us and of your disciples.

Ramrajya Ahwahan Mission

Hey Jesus! Give your grace to us which teaches the lesson of brotherness to all irrespective of any religion, so that we could develop our faith in Divine Light and our minds could be enlightened. Please now again help your son. We all are the cluster of sheep, and you are our care taker, Please handle us so that we could reach to our destination moving through the path of truth. If we could make Ramrajya i.e. a Godly kingdom, brotherness among all only then our and your life will come to success.

Hey Allah, you are the God of a big community of this world, who sent his angels on the earth to clean the hearts of your followers. Now again the world needs your help to clean their minds and their hearts. We need your help that this world could understand the guidance provided by you and your name could be enlightened and this world could be converted into a Janhat (heaven). We are eager to see your mercy for the same.

Ramrajya Ahwahan Mission

Wahe Guru , you taught the path of politeness, a path of helping others, a living with honesty, cleanness, silence and with the truthful living . You are kindly requested to bless us so that we could succeed in our Mission and we could make the God proud of us in giving us the birth on earth. If we could bring Ramrajya on earth our life will become successful with your grace.

Hey Mahavir Swami Ji ! Please take us in the coverage of your grace where you teach mercy on living things, Non-violence, involvement in meditation, balancing of the life. We need to learn mental non-violence. Where you live, the atmosphere becomes full of love and harmony. The whole earth is waiting of such an atmosphere. RAMRAJYA AND 5 STAR HOTEL

Ramrajya is a very much similar to a 5 star hotel. As in a 5 star hotel only decent and lovely speaking becomes. There all the visitors receives the high class services and pleasures. The management adopts always the path of patience and always presents the bigness (i.e humbleness). Therefore when any person comes to this 5 star hotel , he gets there a complete satisfaction and go back with a highly happy mood with big dreams

and there he gets a high class moral boosting. Therefore you have to make you empire like a 5 star hotel.

A GOLDEN FISH

Once a question came to my mind that it is generally said that even a single fish can make the whole pond dirty every one knows it . But O god if such type of fish is there then definitely there will be one fish too which can make the whole pond clean because in your creativity everything has the opposite also. When I thought on the question a lot, I found answer yes and why not ? But this fish will have to be very courageous, full of patience, having continuous efforts and ready for taking the risk of destroying itself because it will have to get down

into pond to whom it has to make clean. We will come to know only later on after getting down into the pond what will happen. But it is sure that if the fish will get down into the pond with intelligence and courage then definitely this pond may fragrancd. I don't know from where I got the courage and I have made a golden fish named as "Ramrajya Ahwahan Mission" and I have put it down into the pond named world. Now let us see what will happen.

Ramrajya Ahwahan Mission

RAMRAJYA AND MULTISTOREY BUILDING

A Multistory building, how great it becomes, how this is get constructed. When the digging of the foundation is started , no body can imagine that here will be so big and so beautiful building. But as well as the masons and labour starts to construct, slowly slowly it takes shape and after some days it is get constructed. Yes the same situation is of "Ramrajya" when a multistory building is possible to built then why 'Ramrajya' cannot be built up in this world.

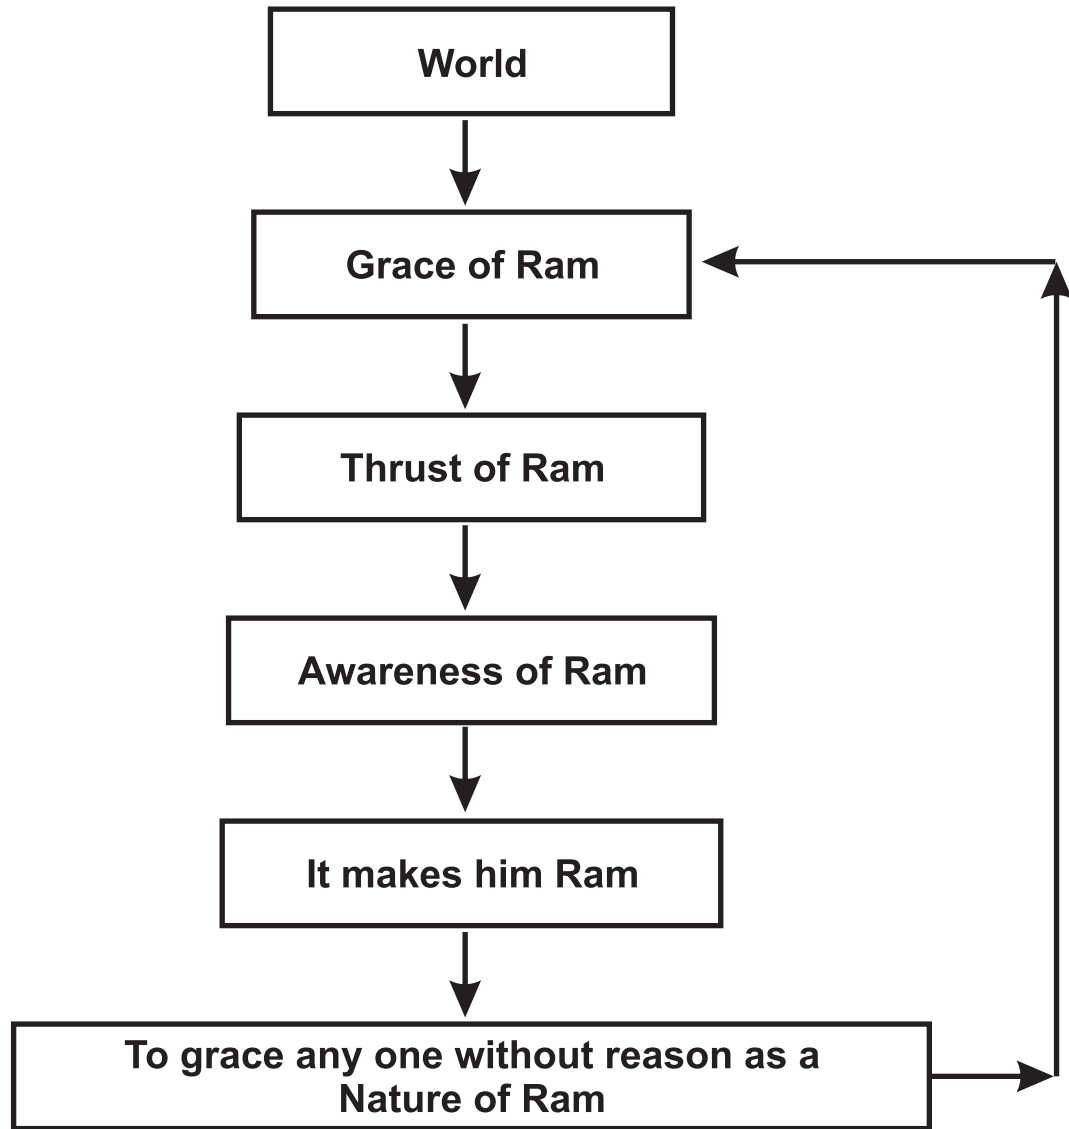

RAMRAJYA AND CARPET

The dream of Ramrajya is just like a carpet whose size is so big like the size of the world. Whenever any one see a carpet he appreciates but can't imagine how it was weaven. But it is very much sure when the weavers start to weave the carpet slowly and slowly it takes the shape . Therefore I request you to come forward and to learn the weaving of this Ramrajya because as much as the weavers will be there as soon as this 'Ramrajya' will be weaven in this world.

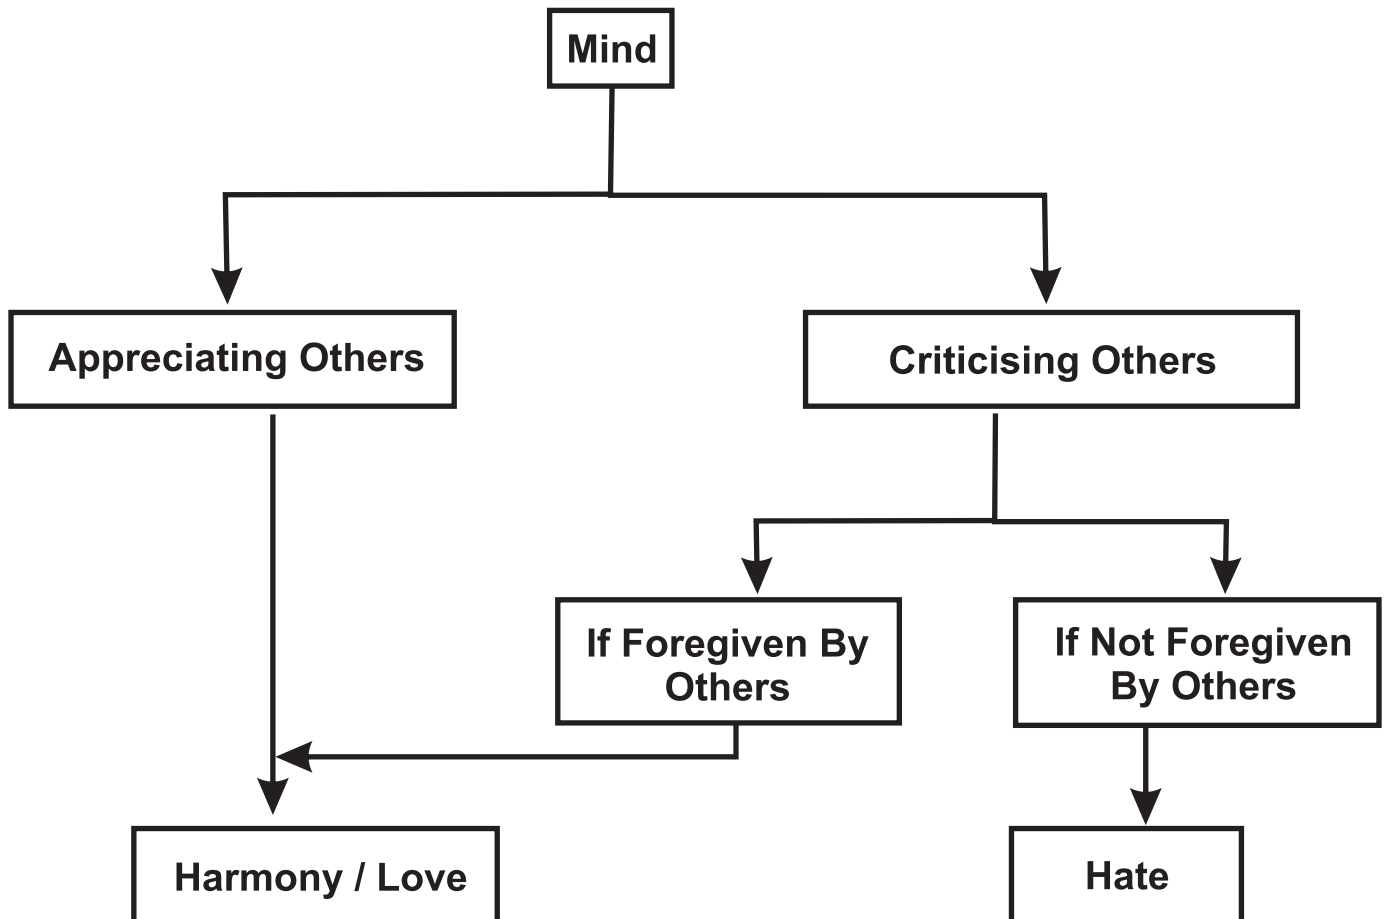

Ram chakra

Note : Some times in the world some one gets grace of Ram, it creates thrust of Ramness, he learns Ramness, which make him himself a 'Ram'. Due to nature of Ram he used to grace people without any cause and if starts increase in people graced by 'Ram' and thus this world will become full of Ram and Ramness.

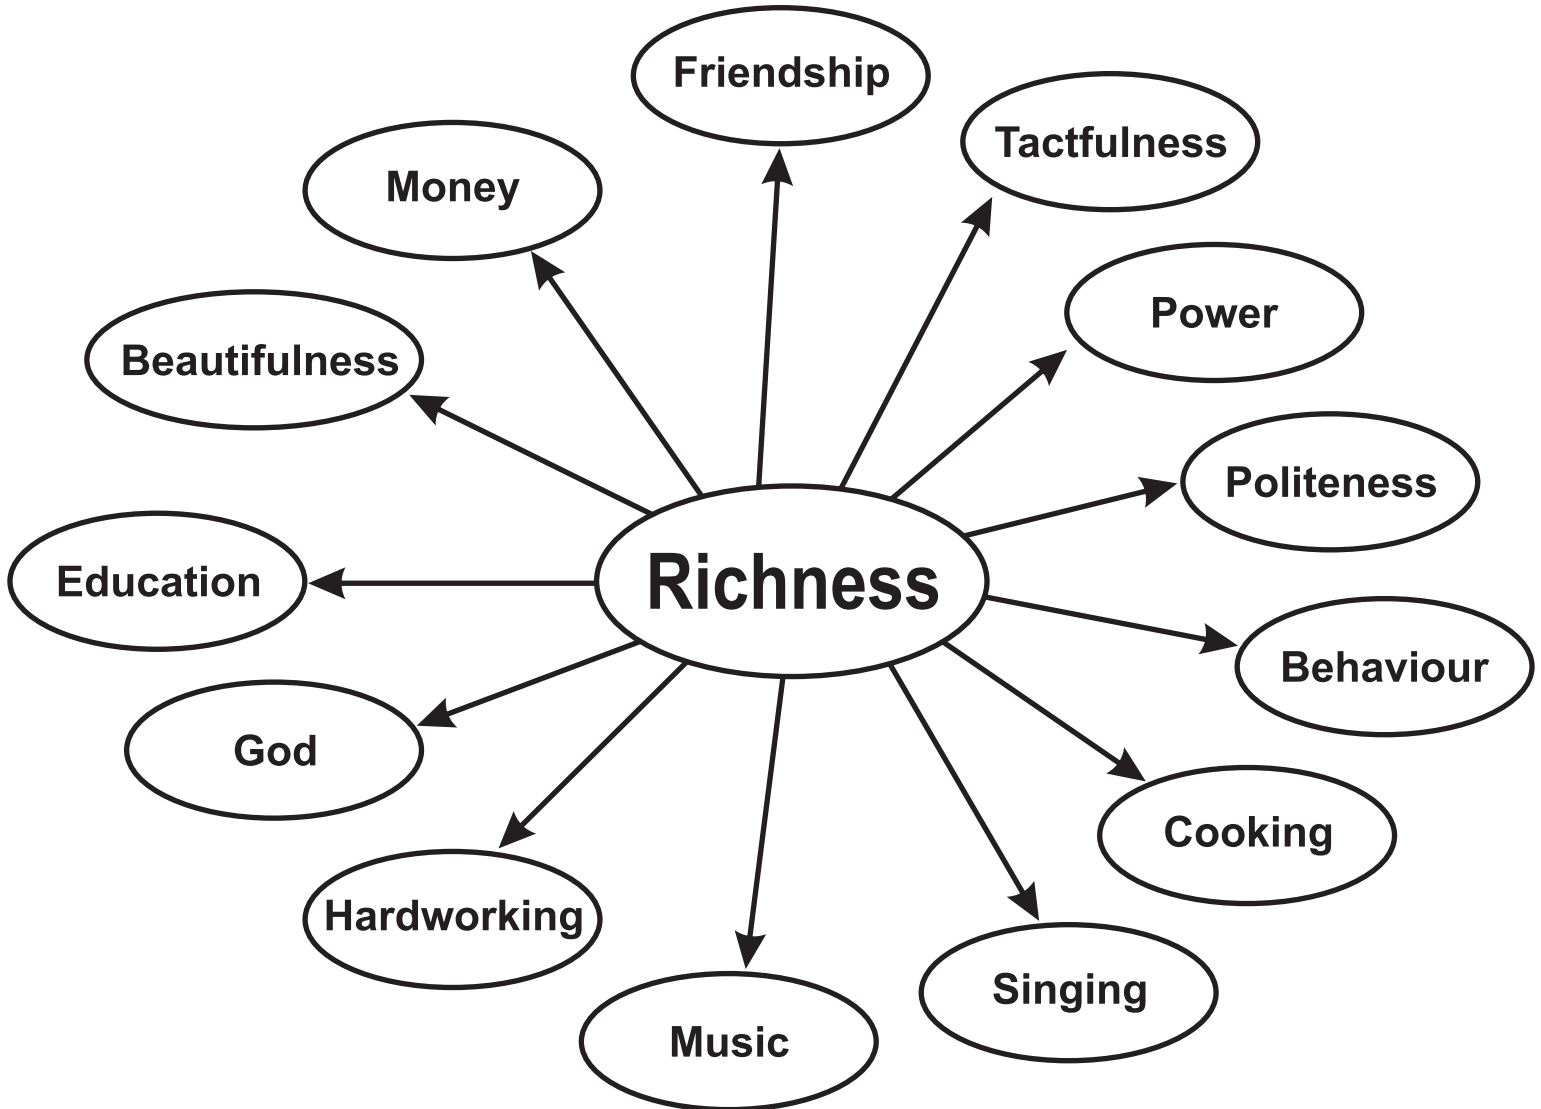

Seed of Love (Harmony)

Note: The people say that now a days the world is full of hate but I say it is because we are not forgiving others, we are not appreciating others and others are not for giving us. That is the reason that the world is full of hate and not full of harmony.

Dhan chakra

Note : Richness doesn't becomes just of money. Every person is rich with one or another quality, be bold enough and recognize your richness and make you rich in other qualities also by making exchange of qualities with others.
